Geography

Slovak Republic is a central European country with vast forest areas extending on two fifths of its territory. Its total area of 49,035 sq km does not rank Slovakia among large countries. Slovak Republic is bordered on the north by Poland; on the south by Hungary; on the west by Czech Republic and Austria and its eastern border is formed by Ukraine. The surface of Slovakia is very irregular, characterized by lowlands, valleys, hills, highlands and mountain chains.

The south and the south-east of the country are covered mostly by lowlands: Východoslovenská nížina, Záhorská nížina and Podunajská nížina, the last one being the largest and most fertile. The northern part is dominated by the mountain range of the Carpathian Mountains. Their well known mountain chains are: High Tatras, Low Tatras, Slovak Ore Mountains; volcanic Štiavnica Mountains; Greater Fatra and Lesser Fatra. Many of them are part of national parks and protected landscape areas.

High Tatras is the most famous Slovak mountain and it is the only mountain range with an Alpine character on the Slovak territory.

The majority of people declare their affiliation to the Roman-Catholic Church. Other registered churches are Evangelical Church of Augsburg Confession, Greek Catholic Church, Reformed Christian, Orthodox, Jewish and others.

History

Present-day Slovakia was settled by old Slavic tribes around the 6th century. The first state formation - the Great Moravian Empire - appeared in the 9th century. In 907, the Germans and the Magyars conquered the Moravian state, and the Slavs fell under Hungarian rule from the 10th century until 1918. When the Habsburg-ruled empire collapsed after the World War I in 1918, the Slovaks joined the Czech lands of Bohemia, Moravia, and part of Silesia to form the new joint state of Czechoslovakia. Shortly after the "Velvet Revolution" in 1989 the Czechoslovak Socialist Republic split into two and the Slovak Republic came into existence on 1 January 1993. In 2004, Slovakia joined the EU and NATO. In May 2005 it ratified the EU constitution and adopted the Euro currency in 2009.
Government and Administration

Slovak Republic is a parliamentary democracy. Head of the state is the president elected for a five-year term. The highest executive body is the Government of the Slovak Republic, headed by the Prime Minister. The legislative power is held by The National Council of the Slovak Republic, an unicameral parliament that consists of 150 Members elected for a 4-year term.

The country is administratively divided into 8 higher territorial units, 8 regions and 79 districts. The biggest cities of Slovakia are Bratislava, Košice, Prešov and Nitra.

Spišský hrad (Spiš castle) is the largest medieval castle complex in Middle Europe. It is more than 40 000 m² large.
Ľudovít Štúr (1815 – 1856) was the leader of the Slovak national revival in the 19th century, the author of the Slovak language standard eventually leading to the contemporary Slovak language. He was also politician, poet, journalist, publisher, teacher, philosopher linguist and member of the Hungarian Parliament.

Milan Rastislav Štefánik (1880–1919) was a Slovak politician, diplomat, and astronomer. During World War I he served as a General in the French Army and, at the same time, as the Czechoslovak Minister of War. As one of the leading members of the Czechoslovak National Council (i.e. resistance government), he contributed decisively to the cause of Czechoslovak sovereignty. The status of Czech- and Slovak-populated territories among others, was in question until shortly before the disintegration of Austria-Hungary in 1918.

Dominika Navara Cibulková (1989) is a professional Slovak tennis player. As October 2016, she is ranked world no. 5. Her most notable achievement was a finals appearance at the 2014 Australian Open and the victory at the WTA Finals in Singapore in October 2016. Pop art king Andy Warhol, actor Paul Newmann, actress Angelina Jolie and singer Jon Bon Jovi also have their roots in Slovakia.
Nitra is one of Slovakia’s most ancient and most beautiful towns, with almost 83 000 inhabitants. It is located in the south-western part of the country, on the banks of river Nitra, right below Zobor Hill (588 metres) which towers above the town, accompanied by six minor hills to create a unique view.

The favorable location at the crossing of ancient roads as well as the river Nitra and the bottom of Tribeč mountain predestined this place for origination of a settlement. The history of the city is closely related to many important events that influenced the development of Slovakia. Nitra played a key role in the history of the Great Moravian Empire and of the young Hungarian Kingdom. In Nitra and the surrounding region, one can find several unique monuments and sites of European historical importance – the first Christian temple in our territory and the introduction of the first Slavic alphabet. Nitra, the seat of Prince Pribina and King Svätopluk, was and is a symbol of historical values and traditions for the Slovak nation. For these reasons it has been attributed the title “the Mother of Slovak towns”.

Two large universities reside in Nitra, museums and several institutions of cultural importance. There are many places worth visiting. The people of Nitra are proud of their Andrej Bagar Theatre, where regular theatre shows and the annual international theater festival “Divadelná Nitra” (Theatrical Nitra) take place. The extensive exhibition area of Agrokomplex is a place where many international fairs and exhibitions take place.

Welcome to Nitra, a town of rich history, numerous monuments and cordial people, and have a nice stay here!
Places to Visit in Nitra

There are so many interesting places and sights in Nitra that it is difficult to recommend just a few. Don’t miss a visit to:

Nitra Castle

The main symbol of the town is composed of four separate parts of particular character: St. Emeram’s Cathedral – Basilica Minor, Bishop’s Palace, Household buildings and The Outer Defence Walls. The Cathedral itself is composed of three temples: the Romanesque St. Emeram’s Church, the Lower and the Upper churches.

Pedestrian Zone, Štefánikova trieda

The main shopping street gained its present appearance during the major reconstruction in 1996 when the local sculptors and other artists made their contribution using symbols from Nitra’s Great Moravian past. One such work of art is the Sword just in front of the Ponitrianske Museum, half buried in the earth as a symbol of peace. In the middle of the pedestrian zone you can find the popular Music Clock that strikes every hour with a different tone.

Synagogue, Street Pri Synagóge 2

It was built in 1911 in the Moorish-Byzantine style, designed by architect Leopold Baumhorn, a designer of many monumental synagogues in Hungary. Nowadays it houses the permanent Holocaust exposition called “The destinies of Slovak Jews” and is also a place of concerts, art exhibitions and other cultural events. An old Jewish cemetery from the 18th century with approx. 5 000 gravesites is located near Pražská street in city part Klokočina.
The Nitra City Park
Jesenského Street

The park is now a popular place of relax for both Nitra’s citizens and visitors. Covering an area of about 20 hectares, it is located in vicinity of the river, the Castle Hill and the sports compound on Jesenského Street. The oldest part, also known as Sihot, is rich in places attractive for all age groups of visitors, with beer gardens, large playgrounds and the Frog Fountain with the statuette of Ploppy the Water Spirit in the middle. Behind the building of the Nitra Community Centre (officially known as the Park of Culture and Rest - PKO), in the New Park, are ponds Large and Little Hangócka, particularly popular with fishermen.

Zobor Hill

It is a part of protected landscape area named Ponitrie. You can discover it via several hiking trails starting at the Sanatorium for Treatment of Tuberculosis and Respiratory diseases (Kláštorská str. 134). One of them is leading to the Pyramid of Zobor (556 m) passing by the St. Svorad spring and cave, offering a wonderful view of Nitra from the top, or another one going to Drážovský church, a picturesque Romanesque church from 11th century.

ESN also organises various events and parties throughout the year for the international students. Their “office” is located on the 2nd floor of the Dormitory Anton Bernolak. www.esn.sk

Studying at a university does not mean just sitting at lectures and studying. SUA students have wide opportunities to spend their leisure time, relax and engage in sport activities or hobbies.

Various students clubs and groups are gathered under the Department of University Services, such as folklore ensemble „ZOBOR“, dormitory students` radio „MLADOST“, students´ TV studio “MLADOST“, amateur theatre group „Divadielko na Osmičke“, Dance group of Afro-Brazil Martial Art Capoera, Hunting group „BUTEO“ and others.

Two traditional events full of cultural activities, social events and sport competitions are the Students Days of Nitra Universities in November and Nitra University Days in April.

You will need to submit to the International Relations Office Changes to the original Learning Agreement form with courses you would like to study in the summer semester signed by you and your faculty coordinator in Nitra by 1 December. We will then send it to your home university for approval and arrange prolongation of your accommodation in our dormitories.

NOTE:

Please remember to extend your Temporary Residence Permit as well (students from non–EU countries).
**Foreign Embassies in Slovakia**

We hope you will enjoy your stay in Slovakia but if you need any help from your embassy, here is a complete list of foreign embassies in Slovakia with their contact details.

www.slovak-republic.org/visa-embassies/in-slovakia/

**Driving**

**Driver’s Licence**

It is not necessary to possess an international driving permit (IDP) to operate a motor vehicle in Slovakia, both EU and non EU licences are acceptable in Slovakia, however you should always drive with your passport/ID. Drivers must be at least 18 years of age. Fastened seatbelts are obligatory for all passangers.

**Speed Limits**

- Urban roads (built up area) 50 km/h
- Rural roads (minor highways) 90 km/h
- Major highways 130 km/h

**Shopping**

Many big supermarkets and shopping-leisure centres have been built in Nitra and in cities around Slovakia in the past few years. They normally operate 7 days a week from 9 am to 9 pm.

Cafés, restaurants, fast food corners, Post Office or Pharmacy are usually a part of them as well. In some of these centres are also multiplex cinemas.

The usual opening hours for shops outside the shopping centres are from 9 am to 6 pm on weekdays and between 9 am – noon on Saturdays. Smaller shops are usually closed on Sundays and public holidays.
Smoking Policy

Smoking is legally prohibited in restaurants, or allowed only if the restaurant separates smokers and non-smokers. Bars and pubs are not included in the ban. Smoking is also prohibited in shopping centres, bus stops, train stations, hospitals, schools, theatres, cinemas and all governmental buildings.

Electricity

Electricity in Slovakia is 230 Volts, alternating at 50 cycles per second. If you travel to Slovakia with a device that does not accept 230 Volts at 50 Hertz, you will need a voltage converter. Electric outlets in Slovakia generally accept 1 type of plug with 2 round pins.

If your electric appliances plugs have a different shape, you may need a plug adapter.

Communication

More than 90% of Slovakia is covered by mobile phone signal. There are three major mobile phone operators (Orange, O2, T-mobile) and several smaller ones.

International prefix for Slovakia: +421
Nitra dialing code from abroad: +421 (0) 37

There are several Post Offices in Nitra, most of them operate from 9 am to 6 pm. On Saturday and Sunday the post branches in local shopping centres are usually available.

Public Transport

Public transport in Nitra is due to its size limited to city buses and taxis. A single taxi ride will cost you about 2.50 EUR depending on the distance. It is not common to hail a taxi, but you can always order one over the phone or simply ask a driver at one of the taxi stands around the city.

As for the city buses, please visit: www.imhd.sk/nr a non-commercial website about public transport in Nitra with detailed information about public transport including list of routes, timetables,
maps and information about tickets. There is much more to discover around Slovakia. Complete information on buses and trains schedules are available in English at www.cp.sk, www.slovaklines.sk, www.slovakrail.sk.

**Banks, Money**

Official currency in Slovakia is Euro. If you are travelling from outside the Euro zone, we recommend you to bring some cash with you as exchange offices at airports or stations do not always offer the best rate. It is also highly recommended to exchange money in banks or licenced exchange offices rather than in the street. There are several bank branches in Nitra with opening hours from 9 am to 6 pm. Saturday and Sunday branches are mostly available in local shopping centres. All major credit and debit cards are accepted in cash machines, shops and most restaurants around Slovakia.

**Emergency Phone Numbers**

Police, firemen, ambulance... all these are important numbers you may need during your stay in Slovakia

**Health Care and Pharmacies**

There are public and private health care providers in Slovakia. Generally you need to visit the general practitioner (GP) first, who then refers you to a specialist if needed. You might need to bring somebody with you to translate.

Usuall working hours of medical doctors are between 7 am - noon. In case of emergency you might want to visit an Emergency Room (Špitálska street, 6) that operates between 3:30 pm – 7 am on weekdays and non-stop on weekends. Dental Emergency Room is located at
the same address and operates between 4 pm – 7 pm on weekdays and non-stop on weekends.

There is a **general practitioner on campus** located in the Mladost Dormitory (side entrance, close to the river, ground floor), who will help you Mon – Fri from 7:30 am to 12:30 pm.

If you need to see a specialist you may be directed to either the city Hospital (Špitálska street, 6) or Medical Centre in Chrenová (Fatranská street, 12). Dental Centre is located in Párovce (Kocelova street, 29).

There are dozens of pharmacies in Nitra. Most of them are open Mon – Fri, 8 am – 6 pm, Sat and Sun 8 am – 4 pm. They take turns in operating Emergency service at nights. Name and address of the one on Emergency duty is listed on the door of each Pharmacy. Pharmacies in shopping centres are open daily between 8 am - 8 pm.
