

## **EduBUP**

*”Re-thinking of pedagogy for implementing education for sustainable development in the Baltic University Programme countries.*

*Content and learning process is designed and implemented by SWEDESD, the project is coordinated and administrated by the Baltic University Programme at Uppsala University, with financial support from the Swedish Institute.”*

Dear BUP colleagues,

We would like to invite you to participate in the **EduBUP project** which is aimed to address *university teachers* in the Baltic University Programme countries and focused on the *personal development* of each specific teacher, as well as ***transformations at university level (on implementing Education for Sustainable Development (ESD) by changing the curriculum and teaching and learning methods)***. The project will illustrate pedagogical principles and processes that need to be integrated in teaching and learning to achieve ESD learning principles.

***The SWEDESD Change project Approach*** will be used for the EduBUP project. The approach consists of several phases: ***Preparatory Phase*** in which participants develop a pre-course assignment which highlights what needs to be changed; ***The First Regional Workshop*** (Workshop 1) during which the project groups and projects titles are defined; Intermediate ***Consolidation Phase*** when participants work on the projects at their respective universities; and ***The Second Regional Workshop*** (Workshop 2) when the reports on the project progress are to be presented and peer reviewed.

Participants will need to allocate certain time for taking part in two workshops and working with the projects. We estimate that full participation in the course would be equal to **10 working days including workshops 1 and 2**. *After successful participation in the whole course the certificate confirming participating in 10-day course will be awarded.*

Project phases and timeline are the following:

- 1) ***Preparatory Phase December 2018- January 2019*** - preparation of the pre-course assignment
- 2) ***The First Regional Workshop (Workshop 1), 28-30 January, Tallinn, Estonia***
- 3) ***Intermediate Consolidation Phase February-August 2019*** Participants working at their respective universities
- 4) ***The Second Regional Workshop (Workshop 2),*** place and date (preliminary September 2019) to be decided

### **Application process:**

Application is open to a team of **2 or more persons from the same institution/faculty/ etc, not for the individuals** because it is important to work in collaboration in order to implement changes. Gaining skills of team building, groups dynamics, improvement skills for cooperation and communication will be added values of participation. *The First Regional Workshop (Workshop 1) will be held on 28-30 January in Tallinn, Estonia*

*Good knowledge of English is a requirement.*

**Deadline: 10 December 2018.** The application should be sent to : [lyudmyla.babak@balticuniv.uu.se](mailto:lyudmyla.babak@balticuniv.uu.se) (application form is attached).

**Costs:** The participation in the *course is free of charge for participants from BUP member universites. BUP covers the costs at place during 2 workshops* (full board and lodging).

*Applicants from non-member universities can ask for condition for participation while applying.*

*All participants are supposed to cover their own travel costs to the place of the workshops, the first one is Tallinn, Estonia.*

Please find attached application form and some short information on the structure of the project.
